

**UNITED STATES BANKRUPTCY COURT
NORTHERN DISTRICT OF GEORGIA**

PUBLIC NOTICE

Beginning July 23, 2006

Construction of the Peachtree Street bridge is scheduled to begin July 23, 2006. Rerouting of traffic is expected and will affect anyone working or visiting the Sam Nunn Atlanta Federal Center (SNAFC), the Martin Luther King Building (MLK) and the Richard B. Russell Building (RBR).

The Atlanta Planning Board has proposed street closures and rerouting of traffic as outlined below:

- **Peachtree Street between Decatur Street on the North end and Alabama Street on the South end will be closed for bridge construction.**
- **Forsyth Street between Marietta Street on the North end and Alabama Street on the South end will be two-way for commercial bus traffic only.**
- **Forsyth Street between Alabama Street on the North end and MLK on the South end will be two-way limited on local traffic (workers and people with business contacts) only. No through traffic will be allowed.**
- **Alabama Street between Forsyth Street on the West end and Peachtree Street on the East end will be one-way East to the South end of the bridge construction zone.**
- **To reach the SNAFC from Marietta Street travel East on Marietta which will turn into Decatur Street. Turn right on Pryor Street; then South to MLK. Turn right on MLK traveling West to Forsyth Street or Alabama Street.**
